

APPENDIX V.

APPLICABILITY OF LOCAL PATENT RULES

December 2023

Local Civil Rule 9.3 (“Local Rule 9.3”), Special Matters – Local Patent Rules for the United States District Court for the District of New Jersey, sets forth the applicable rules for patent infringement cases filed in this District. Generally, the Patent Rules incorporated within Local Rule 9.3 do not apply to cases filed pursuant to the Biologics Price Competition & Innovation Act (“BPCI Act”). The judges in this District, however, may, at their discretion, apply such Patent Rules to BPCI Act cases as they deem appropriate on a case-by-case basis.
